## HOW TO GET YOUR GEAR

**1. Pricing**

Our pricing program provides your team or facility with a discount on every order. Team 1 is the price teams and facilities will receive when they place orders through equipment managers or designated buyers. Team 2 is the price for teams that buy exclusively from Team Aquatic Supplies (suits, caps, and training equipment) and provide TAS with a half page ad in all meet programs. All prices are subject to change without notice. Prices do not include freight, GST, PST or HST (where applicable).

**2. Shark Card Program**

It's easy and it pays! All team members are eligible for a Shark Card. The program is based off our Web Family and Friends Program where members receive 20% off the posted retail price. Ask your TAS sales rep for details and we'll send you the cards. The card is not valid at meet booth set ups or on sale priced items.

**3. TAS Web Store**

All teams are eligible for our Team Manager and Team Family and Friends programs. The Family and Friends Program supports your team by giving a 5% credit back to your team account from the net sale of each item through the program. Visit [www.team-aquatic.com](http://www.team-aquatic.com) or call a sales rep for details.

**4. Payment Terms**

Individuals may pay by VISA, Mastercard or AMEX. Qualifying teams and facilities may establish an account and receive 30 day payment terms, payable with VISA, Mastercard, AMEX or cheque. NSF charges of \$25.00 apply. Sorry, no C.O.D.

**5. Ordering and Delivery**

Contact us by phone, e-mail or fax to place your order. You will be advised of certain items that may be sold out, on backorder or otherwise unavailable. Your order will be sent by Canada Post unless otherwise specified. Minimum shipping charges apply. We offer overnight and other ground courier services for an extra fee.

**6. Returns**

Returns will only be accepted when accompanied by a copy of all related invoices and a return authorization (RA) number. RA numbers can be obtained by contacting your nearest location. Returns will only be accepted within 30 days of purchase. Shipping charges are refunded on defective or mis-shipped items only. After 30 days, non-defective merchandise is subject to a 20% restocking fee. Sorry, no returns on custom items, dvds or books.

**T**eam Aquatic Supplies LTD, a 100% Canadian owned and operated company with its head office in North Vancouver, BC. As Canada's top team dealer, Team Aquatic Supplies has been providing top quality products and excellent customer service to the Canadian aquatic community for over 20 years. With five well-stocked warehouse locations across Canada- North Vancouver, Calgary, Burlington, Scarborough and our **newest location, Swim and Sports in Mississauga** – along with our full e-commerce web store, TAS customers are at a distinct advantage when it comes to getting what they need. Each location has an excellent group of well trained and experienced staff comprised of former athletes, coaches and administrators from different aquatic disciplines ready to help you and your team.

Team Aquatic Supplies continues to be a strong supporter of Canadian Swimming at all levels. Each year TAS, combined with DB Perks and Associates, donates over \$50,000.00 a year to swimming and aquatics in Canada. We've established long term partnerships with a number of aquatic bodies including: Swimming Canada, Swim BC, the BCSSA, Swim Alberta, Swim Saskatchewan, Swim Ontario, Swim Nova Scotia, and Masters Swimming Canada. TAS is also a key supporter of the Canadian Swim Coaches and Teachers Association. We support many local clubs across the country with various partnership programs and fundraising opportunities. Our traveling swim meet booths, and Web Site Friends and Family Program directly contribute back to each team that participates and our TAS regional awards, scholarships and sponsorship programs are helping to improve Canadian Swimming at all levels.

TAS is also a proud sponsor of some great Canadian athletes including 2012 Olympic Team Members Martha McCabe, and Tera van Beilen. We are also long term sponsors of 2012 Olympic and World Championship Silver Medalist Ryan Cochrane and the Victoria National Swimming Academy. We're excited to be working with Ryan and his team in their pursuit of swimming excellence. Another significant TAS sponsorship is the PARA Athlete of the year. TAS has been supporting Canadian Para-Swimmers for over a decade.

The reason we are able to provide the support that no else can is you - our customers, and we hope that our support plays a part in your buying decisions. When you buy from TAS you are supporting your sport and Canadian athletes.

Thank you for your support of Team Aquatic Supplies and swimming in Canada. We look forward to working with you.

Sincerely,

Greg Sanderson  
General Manager  
Team Aquatic Supplies

**Keep your business in Canada!** If you receive a quote at a lower price, please send us the quote and we will see what we can do to match or even beat that price.

Team Aquatic Supplies is constantly striving to provide the best – and fastest – service in the aquatics industry. In an effort to make our turnaround times even quicker we are continuing to provide our customers with the Team Aquatic Supplies **In-Stock Program**. TAS managers and purchasers have been working with our top vendors to identify key core items. Items designated as 'in-stock' will be shipped within 48 hours of order completion\*. Look for this symbol — **when you need it fast!**

\*While a 48 hour turnaround is the goal, this is not a guaranteed program. TAS will work with its vendors to ensure key products are in-stock and ready to ship in the most expedient manner possible. The in-stock program is not available for any custom or sublimated work. See your sales rep for details on all custom work.

**LZR RACER ELITE® AND LZR RACER PRO®**

The LZR Racer® Elite and the LZR Racer® Pro come from a seriously lauded lineage. Their grandfather of sorts, the LZR Racer®, broke a number of world records and put just about everyone that touched it on the winner's podium. It was then banned from competition for being too fast. The Aqualab™, Speedo's world-class swimwear development facility, went back to the drawing board and created some extremely speedy (and legal) new suits.

The Aqualab isn't a mad scientist's underground lair exactly, but it's close. It's been at the forefront of swimming innovation for years, and the LZR Racer® Elite and LZR® Racer Pro are no exceptions. Designed to improve any and every swimmers' power, form and accuracy, the LZR line is built to take your laps to the next level and beyond.

**“WINNING IS ABOUT GETTING TO WHERE YOU WANT TO BE, AND THAT’S NOT NECESSARILY A TIME TO BEAT.”**

## HIGH PERFORMANCE

### ARENA® AT THE EDGE OF TECHNOLOGICAL POWER

For over a decade, arena has been developing and applying new technical features to its Powerskin range of racing swimwear, with the aim of constantly offering swimmers a cutting edge performance.

This is why in 2012 the POWERSKIN range saw a new breakthrough innovation, as arena unleashed its biggest and best weapon to date: POWERSKIN Carbon Pro. This suit is the first racing suit integrating a carbon cage to deliver intelligent muscle compression, combined with unprecedented fit.

#### POWERSKIN CARBON PRO BY ARENA®

Powerskin® R-EVO+ is a technological jewel, which has proven to be the fastest and the lightest racing swimsuit ever made with a 100% textile material. Thanks to the high-tech, ultra-light Arena Stealth fabric (125 gr/m<sup>2</sup>) all Powerskin® R-EVO suits weigh less than 100g, guaranteeing maximum compression combined with unmatched comfort.

Featuring the patented Arena one-piece design which, in combination with an advanced thermo-bonding system, allows a 100% stitch-less construction, with zero seams on the front.

## AP12 BY TYR®

Fabric: 85% nylon/15% lycra spandex  
Colors: black/gold (008)

This lightweight hydrophobic micro-filament suit provides 360 degree stabilization. It is engineered for speed off the block and in the water. The three-panel design is constructed to enhance compression, increase muscle firing and reduce form drag. Also the specialized seams and sleek design helps optimize body position and reduce drag.

## TAS T-SHIRT (I)

LET TEAM AQUATIC SUPPLIES DO YOUR TEAM T-SHIRTS!  
Save time and money by getting everything done at once! Call us for a quote on your team logo needs. We carry all the top brands at competitive pricing.

## CUSTOM LOGO'D SILICONE CAPS

TAS features two styles of custom logo silicone caps; Premium and 360° print. Please call your nearest TAS location for a quote.

**PREMIUM** caps are printed here in Canada using high quality materials by a company that offers flexibility with art work. We've worked with this company for over 10 years, and they've built a long history of quality work with our customers. If quality and consistency in your brand are important to your team we recommend the premium silicone caps.

**360° PRINT CAPS** (A) can be custom made with stock designs or one of your own. The 360° application allows you to create a very distinctive look for your team. These caps come in Standard silicone, Racer Dome and Seamless styles. Please allow 8 weeks for delivery on the 360° caps. Please call for quote.

### PREMIUM

## DRAG+FLY (E)

Take your swimming goals and add Drag+Fly, the sleek and simple resistance swimming training aid that builds up your strength and speed in the water. A gold medal performance in every workout.

DRAG+FLY \$136.00 \$102.50

Call TAS for a free one week Demo

## COLORADO TIME SYSTEMS

Colorado Time Systems (CTS) provides premier athletic facilities across the world with platinum quality timing, scoring and display systems. Colorado Time Systems concept was born in the Test & Measurement division of Hewlett-Packard (HP). HP wanted to explore opportunities in the sports timing industry and chose aquatics because it required such precise measurement. In 1972, four HP engineers spun off from HP and founded CTS. From those very specific aquatic beginnings, an extensive and multi-faced sports timing and display company was born.

Throughout the years, CTS has maintained a steadfast commitment to provide cutting edge scoring and display products for all venues. Our display portfolio includes: LED full color video displays, LED single-color animation displays, ribbon/fascia boards, sport-specific scoreboards, and portable scoreboards. CTS can provide scoring, timing, and display solutions for almost every sport. CTS is FINA approved.

## TIMING SYSTEMS

### Dolphin Wireless Stopwatch Timing System (A)

The perfect system for limited budgets! The DOLPHIN by Colorado is a breakthrough wireless timing system with a fully integrated HY-Tek Meet Management interface. Dolphin provides wireless synchronized, stopwatch-style timing for swimming competitions and significantly reduces the amount of effort required to run a swim meet and manage data.

Each Dolphin includes hand held watches, a base unit with USB cable to connect to lap top, a Dolphin Hy-Tek interface module and a starter unit. If customer has a Colorado Start System, the cable from the starter to the Start System must be purchased separately.

6 and 8 lane configurations are available with your choice of 1 to 3 watches per lane.

*Please contact TAS for more information and a quote on your next Colorado Dolphin System.*

### System 6 (B)

The sports timer is the heart of the Colorado Time timing and scoring system, coordinating information from the start system, touch pads, relay judging platforms, and backup buttons sending it back to the scoreboards, meet software, and printers. The System 6 system includes automatic dual meet scoring, enhanced split handling, easy entry of competitor and team names and expanded lane information capacity for up to 12 lanes.

The System 6 has been designed to meet and exceed current needs and easily allow upgrades and future enhancements.

- 8.4" x 6.3" full colour screen
- Handles up to 12 lanes
- Stores and posts unlimited splits
- Multi sport options—works with swimming, diving, water polo, synchronized swimming, and as a pace clock
- AC power with rechargeable battery backup
- 3.5" disk drive for data transfer

*Please contact TAS for more information and a quote on your next Colorado System.*

### System 6 Touch pad system

Combine these components to create a system that suits your facility. Start with the timer, then add a score board and start system. Colorado's System 6 allows you to start with a basic system and add features over time. Scoreboards can be built one line at a time or in multiples that meet your budget targets.

Available in multiple configurations from 6 to 12 lanes or more.

Includes timer, carrying case, cable harness, one touchpad per lane, touchpad brackets, touchpad meter plus 1 push button per lane, vacuum pump and manuals. Ask about the Aqua Grip touch pad treatment for the best in water grip on the market.

*Please contact TAS for more information and a quote on your next Colorado Timer System*

## START SYSTEMS

### Championship Starter (C)

The Championship Start System delivers rugged durability and long lasting performance. This high-powered, easy to set up system is an excellent choice for larger aquatic facilities and teams hosting national and international level competitions.

- Includes three separate microphone inputs—two wired and an optional wireless microphone. Independent volume control for each input. Includes one wired microphone.
- Supports the CTS RJP Speedlight system LEDs across the front of a Colorado Time Systems Relay Judging Platform will flash simultaneously with the Championship Start speaker tone and strobe light. This offers the athlete a visual cue.
- 360 degree strobe light flashes with start signal.
- Can be used in a fixed location with 110V power or as a portable system running on battery power.
- Public address capabilities allow announcements during practice and competitions.
- Optional underwater speaker can be added for underwater recall of false starts.

## Infinity Starter (D)

The Infinity Start System makes an excellent entry-level start system, and its lower cost makes it a great choice for smaller pools and recreation centers. It is an easy-to-use portable start system and limited public address system.

- Includes a wired microphone and built-in 360 degree strobe.
- Runs on an internal rechargeable gel-cell battery. Additional battery and charger are available.
- Can sit on tabletop or mount on a tripod.

## Colorado Start System Tri Pod

This tripod can be used with Colorado Time Systems' Infinity Start System or Championship Start System.

*Please contact TAS for more information and a quote on your next Colorado Start System.*

## COLORADO TOUCHPADS (E)

**There are more Colorado Touchpad's in use in swimming than all other touch pads combined.**

CTS Touchpad's accurately records swimmers' times and splits and are also used for electronic relay judging in conjunction with Colorado Time's relay judging platforms. Made of tough, durable plastic, these touchpad's feature an internal full-face switch and a 10' cable with molded connector. Comes with a touchpad test meter that tests open and closed circuit status, push buttons, data cable, deck plates and scoreboard.

## AQUAGRIP:

CTS Touchpad's are offered with an AquaGrip non slip surface. The AquaGrip is a textured, non-skid surface that provides the most secure starting and turning surface available. Also comes with 10' foot cable and test meter. Gutter profile dimensions and water level information is required when ordering.

*Please contact TAS for more information and a quote on your next Colorado Touchpad System.*

## LED SCOREBOARDS (F)

### LED-R

Colorado Time Systems' numeric scoreboards are a cost-effective way to provide information, involve the audience and showcase

the athletes for all aquatic sports. Modules can be used singly or combined in multiple-module scoreboard designs. These scoreboard lines give you options to meet all your budget needs.

CTS LED displays will enhance your program and provide exceptional visibility. Designed specifically for the swimming pool environment, your scoreboard's high-quality construction resists corrosion in any environment, giving you years of trouble-free service.

Panels can be added to the numeric scoreboard for sponsor advertising or facility/team name. Numeric scoreboards can be set to display information for swimming, diving, water polo and, synchronized swimming. The scoreboard may also serve as a time-of-day clock and pace clock.

*Please contact TAS for more information and a quote on your next Colorado LED Scoreboard System.*

## TRAINING SYSTEMS

### QuickStart Pro

#### QS-Pro

A 5 digit LED battery operated clock with 4" digits. This tool works as a regular pace clock or it can be combined with other timing equipment to measure and display start reaction times, relay exchange times, water break out times and turning time. An excellent training tool that will give your program a distinct advantage.

### Relay Judging Platform (G)

#### RJP + RJPLD

#### Relay Judging

The RJP allows your Timing Console to automatically compare the incoming swimmer's finish on the touchpad with the departure of the swimmer leaving the starting block. The RJP provides the necessary information to judge a relay exchange to 1/100th of a second.

### Start Reaction Time

On every start, the RJP senses when the swimmer leaves the platform and compares the time to the start impulse from the Start System with 1/100th of a second accuracy.

*Please contact TAS for more information and a quote on your next Colorado Training System.*

## TIMING SYSTEMS

Stanchion post 8'	\$299.00
Optional sliding collar eyebolt	\$65.00
Standard replacement cover & key	\$72.50

## STARTING BLOCKS

### SPECTRUM Performance Blocks

Xcellerator (Single Post) Swimming Starting Platform with Wedge. Applying the latest in approved technology, this starting platform gives swimmers an extra boost on starts by allowing the knee to start at a 90 degree angle. Accommodates anchor setbacks of 18" to 35" with a 30" suggested setback. FINA approved.

### Xcellerator (Single Post) Swimming Starting Platform with Wedge (C)

The Fusion starting platform is an innovative combination of Spectrum starting block and CTS RJPL and accessories, as well as an adjustable Track Start footrest as approved by FINA. Accommodates anchor setbacks of 18" to 36" with a 30" suggested setback.

### Spectrum/Omega Starting Platform Swimming (D)

The innovator of the 90 degree Track Start footrest, the Spectrum/Omega starting platform swimming interfaces only with Omega Timing System. Accommodates anchor setbacks of 18" to 35" with a 30" suggested setback.

*Please contact TAS for more information and a quote on your next set of performance starting blocks.*

### Grizzly/Growler Swimming Pool Starting Platform

Very popular swimming pool starting platforms from the Spectrum StartLine series, the Grizzly and Growler starting platforms are now available with a side step ideal for bulkheads and parapets. The Grizzly will accommodate anchor setbacks of 18" to 36" and the Growler starting platform will accommodate anchor setbacks of 23" to 42". The NEW Grizzly Quick Silver is a low profile design for use with a 12" set back. Anchors and accessories sold separately. FOB Factory.

W4009 • Womens Training Ball, 800g, black/yellow	\$36.00	\$27.00

## WATER POLO BALL RELEASE (B)

The ball release is used for the start of play of water polo matches. Retained on the half distance line, the ball is put into play when the ball release is submerged by pulling the rope from the side of the pool, allowing for fair and accurate starts every time. Manufactured from high density plastic and stainless steel, it is designed to hold both men and women water polo balls. In order to use this release system, two eyebolts need to be installed at the bottom of the pool. (Eyebolts and water polo ball not included.)

FOB Factory		
45.8150	\$98.00	\$73.50

## WATER POLO FIELD MARKERS (C)

The field markers are used to delimit the different zones of the field of play. Made from resistant EVA foam, they also have a high-density plastic base for increased stability. Your complete water polo field requires 4 red, 4 yellow, and 6 white markers. Conforms to all FINA regulations. Dimension: 14.75" high.

FOB Factory		
45.8175	\$1780.00	\$1335.00

## CLUB FLOATING GOAL (D)

This goals feature powder coated aluminum front frame, strut and rear bar with floatation panels made of heavy duty, hand-laid fiberglass. The whole unit is very light, easily lifted in and out of the pool by two people.

FOB Factory	\$1442.32	
-------------	-----------	--

## FLIPFLOAT GOAL (E)

The flipfloat goal is the same size as the club goal, but folds flat for ease of storage.

FOB Factory	\$1402.59	
-------------	-----------	--

\*Other Style Water polo nets are available, please call for options\*

## WATER POLO CAP SETS BY FINIS® (F)

Team cap set (13 caps total), numbers 2-12, plus #1 and #13 red goalie caps. Colours: Navy (Home) or White (Away)

625008	\$198.00	\$148.50
--------	----------	----------

Available in Adult, Women's and JR. Sizes

## CUSTOM WATER POLO CAPS BY FINIS® (G)

With the FINIS Custom Water Polo Caps, your team will play in style. The specially sublimated design makes these European made customizable caps built to last. There are no embroidery or screen printing limitations to your design, allowing you to completely customize your caps with team colours, names, mascots and logos.

Min order 24 hats	Each	Each
6.10.010	\$38.00	\$28.50

## LET US HELP YOU

### TAS EQUIPMENT MANAGER'S TIP SHEET

#### TEAM REGISTRATION & SIZE KITS

Request a size kit to use at your club's registration days to size swimmers properly. Team Suit orders need to be placed a minimum of 2 weeks prior to the due date. Custom team orders require a minimum of 4 week lead time. Speak with your TAS rep for details on timelines and availability.

*\* Size kits must be returned within 30 days or the club will be billed for the merchandise.*

TAS can also help your club with registration days, bringing any requested equipment and help size swimmers. Call your TAS location to book a representative to come out and help.

#### ORDERING

Place your order via e-mail, fax, or phone and include the following information: brand, item description, style #, colour, size and quantity.

When possible, compile your orders weekly.

#### **Always specify delivery deadline at the time of order.**

TAS's sales staff will do their best to provide you with regular updates. Please allow extra delivery time when ordering pattern suits.

Please allow an extra time when ordering custom apparel, caps and patterned suits.

#### RETURNS

If you need to return an item, please call for an authorization number. This number will ensure that your credit is applied promptly and correctly to your account.

#### PAYMENT

Payment is due 30 days from the date on the invoice. Please mail all cheques to the Head Office address in North Vancouver and note the invoice number on your cheque.

**If you have any questions or concerns please feel free to call your Customer Service Representative anytime for help:**

- Adjustable straps provide excellent fit

**EXTREME BACK + J**

- Open back
- Thin, streamlined straps
- Sleek silhouette provides excellent fit

**DROP BACK + K**

- Flattering cut
- Thicker straps offer great support

Everyone wants to make the best of their swimsuit purchases! With a little extra care, it is possible to get extra use out of your non-technical swimsuit. Follow these simple steps to get the maximum pool time out of your swimsuits!

-  **FIT:** When purchasing a swim suit, make sure the fit is snug and comfortable on your body. Seams should not pop, fabric should not be stressed, nor sagging or baggy
-  **RINSE:** At the very least, rinsing your suit in the shower after swim practice is mandatory. For better results, try hand washing your suit in a combination of cold fresh water and swimsuit cleaner. This will help neutralize and remove residual chlorine and odor.
-  **DRYING:** After rinsing, always hang your suit to dry in a place with good air circulation, and away from heat and direct sunlight. DO NOT

machine wash your suit. DO NOT dry your suit in a suit dryer, machine dryer, or by wringing it out. This can lead to unnecessary stretching and deterioration.

-  **STORAGE:** A wet swimsuit should always be taken out of the swim bag to dry, it should not be left in a swim bag till the next practice or left in a towel to rot.
-  **AVOID:** Hot tubs, steams and sauna with your suits. High heat and chemical levels can lead to fabric discoloration and deterioration.

# Team Aquatic Supplies Committed to Swimming, Committed to Excellence

## FEATURED ATHLETES

FEATURED ATHLETES

### **The Summer of 2012 was an amazing time for Team Aquatic Supplies sponsored athletes.**

Martha McCabe, Tera van Beilen and Ryan Cochrane all competed at the 2012 Olympic Games in London. Their efforts and achievements inspire us; their commitment to perform at their very best on the biggest stage, make us extremely proud to support these three great Canadians.

Each of them produced magic moments at the London games. Tera got us off to a great start with a best time and swim-off performance in the 100m breaststroke. Martha followed up with an amazing three-race performance in her signature event, 200m breaststroke, finishing an impressive 5th in one of the fastest women's 200m breaststroke finals ever. Finally Ryan capped it all off with a thrilling 1500m race winning an Olympic Silver Medal and setting a Canadian Record, and the 4th fastest 1500 ever! Ryan was incredible down the stretch, giving it everything he had; he simply would not be denied that silver medal.

Congratulations – and thanks - to Martha, Tera and Ryan for your performances. Well done.

*“As a sport, swimming is predominantly an individual commitment. Even so, to make it to the Olympic podium you need a great team behind you to ensure you are the best athlete you can possibly be every time you dive in the pool. Team Aquatic Supplies supports my road to the podium, and has done so since before the Beijing games. They support many sports in Canada, and are an outstanding part of the swimming community's success as well as my own.”*

**– Ryan Cochrane**

*“The support I receive from TAS is unmatched by any other company not only through the top level equipment that I benefit from but also through the tireless efforts of the employees and staff to help me achieve the highest level of swimming I possibly can. TAS has helped me become an Olympic finalist and I will use their support moving forward towards future international meets.”*

**– Martha McCabe**

# TAS ONLINE SHOPPING.

## IT'S QUICK & EASY!

The Team Aquatic Supplies (TAS) Web Store is a great way to do your team purchasing. Shop with confidence knowing TAS is behind you all the way.

**There are 2 types of online accounts available for your team:**

### 1 TEAM MANAGER

- Specific and secure to each Team account
- Easy to place orders for team's supplies
- View all products required for team members
- TAS has provided you free online tools to make ordering easy and secure
- Tracking: Your order history will be easily accessible
- Convenience

### 2 TEAM FAMILY & FRIENDS

- All orders placed through this account benefit your team
- With each order your Team receives an income to help provide products for the team
- Family and Friends receive 20% discount
- Go to location for gifts and rewards for out of town family
- Convenience

**Check out our NEW Team Portal.** Set up your specific group needs and then let the members do the rest—individuals can log on and order what they need at any time.

## BENEFITS OF ONLINE SHOPPING

- All orders placed through this account benefit your team
- In stock items ordered by 12:00 pm location time can ship within 24 hours
- 24/7 access to the all the equipment your team needs
- A quick, easy, and efficient alternative to standard order process
- All items are priced at the appropriate team discount
- Order confirmations emailed directly
- TAS standard hassle free return policy
- Save time
- No Stress
